## Product Datasheet

### Goat F(ab)2 anti-Mouse IgM (μ)-RPE, MinX none ROC-710-1807

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Article Name               | Goat F(ab)2 anti-Mouse IgM (μ)-RPE, MinX none              |
| Biozol Catalog Number      | ROC-710-1807                                               |
| Supplier Catalog Number    | 710-1807                                                   |
| Alternative Catalog Number | ROC-710-1807                                               |
| Manufacturer               | Rockland Immunochemicals                                   |
| Host                       | Goat                                                       |
| Category                   | Antikörper                                                 |
| Application                | FACS,IF                                                    |
| Species Reactivity         | Mouse                                                      |
| Immunogen                  | Mouse IgM whole molecule                                   |
| Conjugation                | RPE                                                        |
| Format                     | F(ab')2                                                    |
| Target Specificity         | IgM (μ)                                                    |
| Cross-Adsorption (MinX)    | no cross-adsorbction                                       |
| Clonality                  | Polyclonal                                                 |
| Concentration              | 0.5 mg/mL by absorbance = 82.0 at 565 nm                   |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Form                       | Lyophilized                                                |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Mouse                                                                                                                                                                                                                                                          |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Dilute | Flow Cytometry: 1:100 - 1:250, IF Microscopy: 1:100 - 1:250                                                                                                                                                                                                    |
| Application Notes  | F(ab)2 Anti-Mouse IgM Phycoerythrin Conjugated Antibody has been tested by dot blot and is suitable for immunomicroscopy and flow cytometry or FACS analysis as well as other antibody based fluorescent assays requiring extremely low background levels, abs |
