## Product Datasheet

### **Fab Biotin Antibody Texas Red(TM) Conjugated, Goat, Polyclonal ROC-800-109-098**

|                            |                                                                      |
|----------------------------|----------------------------------------------------------------------|
| Article Name               | Fab Biotin Antibody Texas Red(TM) Conjugated, Goat, Polyclonal       |
| Biozol Catalog Number      | ROC-800-109-098                                                      |
| Supplier Catalog Number    | 800-109-098                                                          |
| Alternative Catalog Number | ROC-800-109-098                                                      |
| Manufacturer               | Rockland Immunochemicals                                             |
| Host                       | Goat                                                                 |
| Category                   | Antikörper                                                           |
| Application                | DOT                                                                  |
| Immunogen                  | Biotin conjugated to Keyhole Limpet Hemocyanin (KLH)                 |
| Conjugation                | Texas Red                                                            |
| Clonality                  | Polyclonal                                                           |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                 |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2           |
| Form                       | Lyophilized                                                          |
| Antibody Type              | Primary Antibody                                                     |
| Application Dilute         | ELISA: 1:2,000 - 1:10,000, IHC: 1:200 - 1:1,000, WB: 1:500 - 1:2,500 |

|                   |                                                                                                                                                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | Fab Anti-Biotin Antibody Texas Red Conjugated has been tested by dot blot and is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, i |
