| Product Description        | PPP2R4 antibody LS-C331759 is an unconjugated rabbit polyclonal antibody to PPP2R4 from human. It is reactive with human, mouse and rat. Validated for IF, IHC and WB....                                                                                                  |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                                 |
| NCBI                       | <a href="#">5524</a>                                                                                                                                                                                                                                                       |

|                    |                                                                                                          |
|--------------------|----------------------------------------------------------------------------------------------------------|
| Buffer             | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                                            |
| Purity             | Affinity purified                                                                                        |
| Form               | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                                            |
| Application Dilute | IF (1:50 - 1:200), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                                               |
| Application Notes  | The predicted MW is 31kDa/33kDa/36kDa/40kDa, while the observed MW by Western blot was Refer to Figures. |
