| Article Name               | Anti-SLC4A1/CD233/Band 3 Antibody Picoband(TM) (monoclonal, 5G2G7), IgG2b, Clone: [5G2G7], Mouse, Monoclonal                                               |
| Biozol Catalog Number      | MON23879                                                                                                                                                   |
| Supplier Catalog Number    | MON23879                                                                                                                                                   |
| Alternative Catalog Number | MON23879                                                                                                                                                   |
| Manufacturer               | Monosan                                                                                                                                                    |
| Host                       | Mouse                                                                                                                                                      |
| Category                   | Antikörper                                                                                                                                                 |
| Application                | FC, IHC, WB                                                                                                                                                |
| Species Reactivity         | Human                                                                                                                                                      |
| Immunogen                  | E.coli-derived human SLC4A1 (Position: E28-N365). Human SLC4A1 shares 75.7% and 74.5% amino acid (aa) sequence identity with and rat SLC4A1, respectively. |
| Clonality                  | Monoclonal                                                                                                                                                 |
| Concentration              | Adding 0.2 ml of distilled water =f 500 µg/ml.                                                                                                             |
| Clone Designation          | [5G2G7]                                                                                                                                                    |
| Isotype                    | IgG2b                                                                                                                                                      |
| Buffer                     | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na2HPO4, 0.05mg NaN3.                                                                                  |
