| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC                                                                                                                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fragment (around aa100-300) of human SALL-4 protein (exact sequence is proprietary)                                                                                                                                                               |
| Product Description        | Sall3 (SALL3, sal-like 3) and Sall4 (SALL4, sal-like 4) are mammalian homologs of the Drosophila region-specific homeotic gene spalt, which encodes a zinc finger-containing transcription regulator. Drosophila spalt is an essential genetic component r... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [SALL4/7802R]                                                                                                                                                                                                                                                 |
| Molecular Weight           | 165 / 95 kDa (A isoform / B isoform)                                                                                                                                                                                                                          |
| NCBI                       | <a href="#">57167</a>                                                                                                                                                                                                                                         |
