| Article Name               | MHC II, Mouse Antibody, IgG2a, Clone: [MK-D6], Monoclonal                                                                                          |
| Biozol Catalog Number      | NBT-MSM1-2007-P1                                                                                                                                   |
| Supplier Catalog Number    | MSM1-2007-P1                                                                                                                                       |
| Alternative Catalog Number | NBT-MSM1-2007-P1-100                                                                                                                               |
| Manufacturer               | NeoBiotechnologies                                                                                                                                 |
| Host                       | Mouse                                                                                                                                              |
| Category                   | Antikörper                                                                                                                                         |
| Application                | FC, Functional Studies, IF                                                                                                                         |
| Species Reactivity         | Mouse                                                                                                                                              |
| Immunogen                  | Spleen cells from B10.D2 mice                                                                                                                      |
| Product Description        | The antibody is directed against Mouse major histocompatibility complex class II, I-A d. It does not react with I-Ak, I-Ab, I-As, I-Af or I-Aa.... |
| Clonality                  | Monoclonal                                                                                                                                         |
| Clone Designation          | [MK-D6]                                                                                                                                            |
| Molecular Weight           | kDa                                                                                                                                                |
| Isotype                    | IgG2a                                                                                                                                              |
| NCBI                       | <a href="#">100504404</a>                                                                                                                          |
| UniProt                    | <a href="#">P01904</a>                                                                                                                             |

|      |                                                                                                                                                                              |
|------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form | 200ug/ml of Ab Purified from Bioreactor Concentrate by Protein A/G.<br>Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also<br>available WITHOUT BSA & azide at 1.0mg/ml. |
