| Product Description        | The ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme-linked immunosorbent assay for the quantitative measurement of samples in serum, Plasma , Urine ,tissue homogenates and Cell culture supernates and Other biological fluids... |
| Range                      | 0.31-20 ng/mL                                                                                                                                                                                                                                          |
| Sensitivity                | 0.156 ng/mL                                                                                                                                                                                                                                            |
| UniProt                    | <a href="#">Q9WUQ1</a>                                                                                                                                                                                                                                 |
| Samples                    | Serum, plasma and cell culture supernates.                                                                                                                                                                                                             |
