| UniProt                    | <a href="#">Q09490</a>                                                                                                                                                       |
| Form                       | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification. |
| Target                     | This lgg-1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 20-55 amino acids from the center region of CAEEL lgg-1.             |
