| Immunogen                  | Recombinant full-length human NME1 protein                                                                                                                                                                                                                    |
| Conjugation                | CF405S                                                                                                                                                                                                                                                        |
| Product Description        | The nm23 gene, a potential suppressor of metastasis, was originally identified by differential hybridization between two murine melanoma sub-lines, one with a high and the second with a low metastatic capacity. Highly metastatic sub-lines exhibit muc... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.1 mg/mL                                                                                                                                                                                                                                                     |
| Clone Designation          | [CPTC-NME1-2]                                                                                                                                                                                                                                                 |

|                   |                                                                                               |
|-------------------|-----------------------------------------------------------------------------------------------|
| Molecular Weight  | 23 kDa                                                                                        |
| UniProt           | <a href="#">P15531</a>                                                                        |
| Buffer            | PBS, 0.1% BSA, 0.05% azide                                                                    |
| Source            | Animal                                                                                        |
| Application Notes | Western blot 0.5-1.0 ug/mL, Optimal dilution for a specific application should be determined. |
