| Immunogen                  | Recombinant full-length human Calcineurin A protein                                                                                                                                                                                                           |
| Conjugation                | CF405S                                                                                                                                                                                                                                                        |
| Product Description        | This antibody recognizes the Calcineurin A alpha protein, encoded by the PPP3CA (Protein Phosphatase 3 Catalytic Subunit Alpha) gene. Calcineurin is an enzyme that dephosphorylates serine and threonine residues in proteins. It is a heterodimer of a 5... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
