| Immunogen                  | Recombinant human Napsin-A protein fragment (aa189-299) (exact sequence is proprietary)                                                                                                                                                                       |
| Conjugation                | CF405S                                                                                                                                                                                                                                                        |
| Product Description        | Napsin is a pepsin-like aspartic proteinase connected with maturation of surfactant protein B. There are two closely related napsins, napsin A and napsin B. Napsin A is expressed as a single chain protein. Immunohistochemical studies revealed high ex... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.1 mg/mL                                                                                                                                                                                                                                                     |
| Clone Designation          | [NAPSA/3309]                                                                                                                                                                                                                                                  |
