| Immunogen                  | Recombinant beta sub-unit of human LH                                                                                                                                                                                                                         |
| Product Description        | Luteinizing hormone (LH) is a glycoprotein. Each monomeric unit is a sugar-like protein molecule, two of these make the full, functional protein. Its structure is similar to the other glycoproteins, follicle-stimulating hormone (FSH), thyroid-stimula... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |
| Clone Designation          | [LHb/1214]                                                                                                                                                                                                                                                    |
| Molecular Weight           | 22 kDa                                                                                                                                                                                                                                                        |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
