| Product Description        | CD3 (clone SK7) is a mouse monoclonal antibody that recognizes the human protein CD3. CD3 is a common marker of T cells, and is a T cell coreceptor. This CF503R antibody conjugate has been validated in flow cytometry. It is supplied at 5 uL/test, wit... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 200 ug/mL                                                                                                                                                                                                                                                     |
