| Product Description        | Horse MMP13 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of horse MMP13 in serum, plasma, tissue homogenates or other biological fluids.... |
| Range                      | 15.6-1000 pg/ml                                                                                                                                                                                                        |
| Sensitivity                | 6.9 pg/ml                                                                                                                                                                                                              |
| Samples                    | Serum, plasma, tissue homogenates or other biological fluids.                                                                                                                                                          |
| Target                     | MMP13                                                                                                                                                                                                                  |
