| Product Description        | Human Lamin B2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human Lamin B2 in tissue homogenates, cell lysates or other biological fluids.... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                                              |
| Sensitivity                | 0.051 ng/ml                                                                                                                                                                                                                 |
| Samples                    | Tissue homogenates, cell lysates or other biological fluids.                                                                                                                                                                |
| Target                     | Lamin B2                                                                                                                                                                                                                    |
