| Product Description        | This GENLISA Mouse Aryl Hydrocarbon Receptor Nuclear Translocator Like Protein (ARNTL) ELISA includes features like: - Ready to use protocol with break-apart wells for ease of use - Standardisation and High Reproducibility - Lot to Lot Consistency - ... |
| Range                      | 0.156 - 10 ng/ml                                                                                                                                                                                                                                              |
| Sensitivity                | 0.055 ng/ml                                                                                                                                                                                                                                                   |
| Samples                    | Serum, plasma and tissue homogenates. For other matrices, please connect with our technical team                                                                                                                                                              |
