| Manufacturer               | Nordic BioSite                                                                                                                                                                                           |
| Category                   | Proteine/Peptide                                                                                                                                                                                         |
| Application                | SDS-PAGE                                                                                                                                                                                                 |
| Product Description        | Mouse Tyro3/Dtk Recombinant Protein expressed in Baculovirus with hIgG-His-tag. Sequence domain: 31-419aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Concentration              | 0.25 mg/ml                                                                                                                                                                                               |
| Molecular Weight           | 68.9 kDa (628aa)                                                                                                                                                                                         |
| Tag                        | hIgG Fc-HIS Tag                                                                                                                                                                                          |
