## Product Datasheet

**anti-Hamster IgG h+I (min. reactivity w/ Ms, Rt) - Affinity Purified, Goat,  
Polyclonal  
ICL-GHHL-65AX9025**

|                            |                                                                                                                                                                           |

| Manufacturer               | ICL                                                                                                                                                                       |
| Host                       | Goat                                                                                                                                                                      |
| Category                   | Antikörper                                                                                                                                                                |
| Application                | ELISA                                                                                                                                                                     |
| Conjugation                | Unconjugated                                                                                                                                                              |
| Product Description        | Achieve specific immunodetection in hamster studies with our affinity-purified anti-Hamster IgG h+I antibody, minimizing cross-reactivity with mouse and rat proteins.... |
| Clonality                  | Polyclonal                                                                                                                                                                |
| Buffer                     | Phosphate buffered saline (PBS), pH 7.2                                                                                                                                   |
| Purity                     | Antigen Affinity Purified                                                                                                                                                 |
| Form                       | Liquid                                                                                                                                                                    |
| Target                     | Hamster IgG h+I                                                                                                                                                           |
| Antibody Type              | Secondary Antibody                                                                                                                                                        |
