| Alternative Catalog Number | ECH-HYA-0025-1MG                                                                                                                                                                                                                                                               |
| Manufacturer               | Echelon Biosciences                                                                                                                                                                                                                                                            |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                                              |
| Product Description        | <p>Select-HA 25k is a hyaluronic acid (HA) preparation of uniform and narrow size distribution prepared by in vitro synthesis using recombinant Pasteurella multocida hyaluronan synthase. Select-HA 25k and Select-HA(TM) is a trademark of Hyalose LLC.</p> <hr/> <p>...</p> |
| Application Notes          | <p>Categories: Biochemical Reagents. Related: Hyaluronic Acid. Ship 1 : Storage. Ship 2: -20 AC or below</p>                                                                                                                                                                   |
