| Manufacturer               | Echelon Biosciences                                                                                                                                                                                                                                          |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                            |
| Product Description        | PI(3,4,5)P3 diC4 (Phosphatidylinositol 3,4,5-trisphosphate diC4) is a synthetic, purified dibutanoyl PI(3,4,5)P3. Phosphoinositides (PIPNs) are minor components of cellular membranes but are integral signaling molecules for cellular communication. P... |
| Application Notes          | Categories: Lipids. Related: diC4, PI(3,4,5)P3. Ship 1 : Shipping Temp. Ship 2: Dry ice or gel ice depending on destination                                                                                                                                  |
