| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Cluster of Differentiation 86 (CD86) is also known as Blymphocyte activation antigen B72, is a type I membrane protein that is a member of the immunoglobulin superfamily, and is constitutively expressed on interdigitating dendritic cells, Langerhans ... |
| Molecular Weight           | 51.5 kDa                                                                                                                                                                                                                                                      |
| Tag                        | C-Fc                                                                                                                                                                                                                                                          |
| NCBI                       | <a href="#">40261</a>                                                                                                                                                                                                                                         |
| Buffer                     | 50 mM Tris, 100 mM Glycine, 25 mM Arginine, 10 mM NaCl, pH7.5                                                                                                                                                                                                 |
| Purity                     | 95%                                                                                                                                                                                                                                                           |
| Form                       | Powder                                                                                                                                                                                                                                                        |
