| Immunogen                  | RSV                                                                                                                                                                                                |
| Product Description        | Felvizumab is a humanized monoclonal antibody against respiratory syncytial virus....                                                                                                              |
| Purity                     | >95% Determined by SDS-PAGE                                                                                                                                                                        |
| Target                     | RSV                                                                                                                                                                                                |
| Application Dilute         | In Vivo Grade Recombinant Human IgG1 Kappa Isotype Control Antibody                                                                                                                                |
| Application Notes          | Applications: ELISA,neutralization,functional assays such as bioanalytical PK and ADA assays,and those assays for studying biological pathways. ResearchArea: Cancer immunology. Shipping: Ice Bag |
