| Article Name               | High Sensitive ELISA Kit for Neuropeptide Y (NPY)                                                    |
| Biozol Catalog Number      | USC-HEA879MU                                                                                         |
| Supplier Catalog Number    | HEA879Mu                                                                                             |
| Alternative Catalog Number | USC-HEA879MU-48, USC-HEA879MU-96                                                                     |
| Manufacturer               | Cloud-Clone                                                                                          |
| Category                   | Kits/Assays                                                                                          |
| Species Reactivity         | Mouse                                                                                                |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                  |
| Range                      | 2.47-200pg/mL                                                                                        |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.94pg/mL                             |
| Samples                    | serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Application Notes          | Enzyme-linked immunosorbent assay for Antigen Detection.                                             |
