| Article Name               | CLIA Kit for Epidermal Growth Factor (EGF)                                                                  |
| Biozol Catalog Number      | USC-SCA560MU                                                                                                |
| Supplier Catalog Number    | SCA560Mu                                                                                                    |
| Alternative Catalog Number | USC-SCA560MU-48, USC-SCA560MU-96                                                                            |
| Manufacturer               | Cloud-Clone                                                                                                 |
| Category                   | Kits/Assays                                                                                                 |
| Species Reactivity         | Mouse                                                                                                       |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                         |
| Range                      | 0.69-500pg/mL                                                                                               |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.24pg/mL                                    |
| UniProt                    | <a href="#">P01132</a>                                                                                      |
| Samples                    | Serum, plasma, urine, tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Application Notes          | Chemiluminescent immunoassay for Antigen Detection.                                                         |
