## Product Datasheet

### CLIA Kit for Myosin Binding Protein C, Slow Type (MYBPC1) USC-SCD413MU

|                            |                                                                           |
|----------------------------|---------------------------------------------------------------------------|
| Article Name               | CLIA Kit for Myosin Binding Protein C, Slow Type (MYBPC1)                 |
| Biozol Catalog Number      | USC-SCD413MU                                                              |
| Supplier Catalog Number    | SCD413Mu                                                                  |
| Alternative Catalog Number | USC-SCD413MU-48, USC-SCD413MU-96                                          |
| Manufacturer               | Cloud-Clone                                                               |
| Category                   | Kits/Assays                                                               |
| Species Reactivity         | Mouse                                                                     |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                       |
| Range                      | 0.156-10ng/mL                                                             |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.056ng/mL |
| UniProt                    | <a href="#">Q6P6L5</a>                                                    |
| Samples                    | tissue homogenates, cell lysates and other biological fluids              |
| Application Notes          | Chemiluminescent immunoassay for Antigen Detection.                       |
