## Product Datasheet

### Eukaryotic Angiotensin I Converting Enzyme 2 (ACE2) USC-EPB886MU61

|                            |                                                                                                                    |
|----------------------------|--------------------------------------------------------------------------------------------------------------------|
| Article Name               | Eukaryotic Angiotensin I Converting Enzyme 2 (ACE2)                                                                |
| Biozol Catalog Number      | USC-EPB886MU61                                                                                                     |
| Supplier Catalog Number    | EPB886Mu61                                                                                                         |
| Alternative Catalog Number | USC-EPB886MU61-10, USC-EPB886MU61-50, USC-EPB886MU61-100, USC-EPB886MU61-200, USC-EPB886MU61-500, USC-EPB886MU61-1 |
| Manufacturer               | Cloud-Clone                                                                                                        |
| Category                   | Proteine/Peptide                                                                                                   |
| Application                | Control, SDS-PAGE, WB                                                                                              |
| Species Reactivity         | Mouse                                                                                                              |
| Molecular Weight           | Predicted Molecular Mass(KD): 85.2kDa. Accurate Molecular Mass(KD): 87kDa                                          |
| Tag                        | N-terminal His Tag                                                                                                 |
| UniProt                    | <a href="#">Q8R0I0</a>                                                                                             |
| Buffer                     | 20mM Tris, 150mM NaCl, pH8.0, containing 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose and Proclin300.                |
| Source                     | Eukaryotic expression                                                                                              |
| Expression System          | Eukaryotic expression                                                                                              |
| Purity                     | > 97%                                                                                                              |
| Form                       | Freeze-dried powder                                                                                                |
