| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, ICC, IHC, IP, WB                                                                                                                                                                                                                                       |
| Species Reactivity         | Gallus, Human, Mouse, Primate, Rat                                                                                                                                                                                                                            |
| Immunogen                  | Fusion protein amino acids 77-299 (PDZ domains 1 and 2) of human PSD-95 (accession number P78352) produced recombinantly in E. Coli                                                                                                                           |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Our chicken Anti-PSD 95 recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone K28/43. It is KO validated, detects chicken, human, mouse, non-human primate, and rat PSD 95, and is purified by affinity chromatography. It is... |
| Clonality                  | Recombinant                                                                                                                                                                                                                                                   |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |

|                    |                                                                                    |
|--------------------|------------------------------------------------------------------------------------|
| Clone Designation  | [K28/43]                                                                           |
| Molecular Weight   | 95-110 kDa (varies with cell background due to phosphorylation)                    |
| UniProt            | <a href="#">P78352</a>                                                             |
| Buffer             | PBS                                                                                |
| Form               | Liquid                                                                             |
| Target             | PSD 95                                                                             |
| Antibody Type      | Primary Antibody                                                                   |
| Application Dilute | Dilution Range: WB: 1:1000. Dilution Range: IHC: 1:500. Dilution Range: ICC: 1:500 |
