| Host                       | Gallus                                                                                                                                                                                                                                                                 |
| Category                   | Antikörper                                                                                                                                                                                                                                                             |
| Application                | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                                    |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                                                  |
| Immunogen                  | Fusion protein amino acids 1-544 (full-length) of rat RGS14<br>(accession number O08773) produced recombinantly in E. Coli                                                                                                                                             |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                           |
| Product Description        | Our Anti-RGS14 chicken monoclonal primary antibody from Aves<br>Labs is produced in-house from hybridoma clone N133/21. It is KO<br>validated, detects mouse and rat RGS14, and is purified by affinity<br>chromatography. It is great for use in WB, IHC, ICC, ELI... |
| Clonality                  | Recombinant                                                                                                                                                                                                                                                            |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                                |
| Clone Designation          | [N133/21]                                                                                                                                                                                                                                                              |

|                    |                                                                                    |
|--------------------|------------------------------------------------------------------------------------|
| Molecular Weight   | 60 kDa                                                                             |
| UniProt            | <a href="#">O08773</a>                                                             |
| Buffer             | 1X PBS, 0.05% Sodium Azide pH 7.4                                                  |
| Form               | Liquid                                                                             |
| Target             | RGS14                                                                              |
| Antibody Type      | Primary Antibody                                                                   |
| Application Dilute | Dilution Range: WB: 1:1000. Dilution Range: IHC: 1:500. Dilution Range: ICC: 1:500 |
