| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Species Reactivity         | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                 |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the N terminal region of human RBM10                                                                                                                                                                    |
| Product Description        | RBM10 contains RNA recognition motif found in a variety of RNA binding proteins, including various hnRNP proteins, proteins implicated in regulation of alternative splicing, and protein components of snRNPs. In vitro studies showed that the rat homol... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 104kDa                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">8241</a>                                                                                                                                                                                                                                          |
