| Manufacturer               | Aviva                                                                                                                                                                                                                                                         |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Species Reactivity         | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat, Sheep, Zebrafish                                                                                                                                                                      |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human HNF4A                                                                                                                                                                        |
| Product Description        | The protein encoded by HNF4A is a nuclear transcription factor which binds DNA as a homodimer. The encoded protein controls the expression of several genes, including hepatocyte nuclear factor 1 alpha, a transcription factor which regulates the expre... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 50kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">3172</a>                                                                                                                                                                                                                                          |

|         |                                                                                                   |
