| Manufacturer               | Aviva                                                                                                                                                                                                                                                         |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Species Reactivity         | Bovine, Canine, Equine, Goat, Guinea pig, Human, Mouse, Rabbit, Rat, Yeast, Zebrafish                                                                                                                                                                         |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human HTATIP                                                                                                                                                                       |
| Product Description        | HTATIP belongs to the MYST family of histone acetyl transferases (HATs) and was originally isolated as an HIV-1 TAT-interactive protein. HATs play important roles in regulating chromatin remodeling, transcription and other nuclear processes by acetyl... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 58kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">10524</a>                                                                                                                                                                                                                                         |

|         |                                                                                                   |
