| Category                   | Kits/Assays                                                                                                                                                                                                                               |
| Application                | ELISA                                                                                                                                                                                                                                     |
| Species Reactivity         | Human                                                                                                                                                                                                                                     |
| Product Description        | This Human Lamin B1 (LMNB1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                                                             |
| Sensitivity                | 0.118ng/mL                                                                                                                                                                                                                                |
| Samples                    | tissue homogenates, cell lysates and other biological fluids                                                                                                                                                                              |
| Target                     | Human Lamin B1 (LMNB1)                                                                                                                                                                                                                    |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                      |
