| Category                   | Kits/Assays                                                                                                                                                                                                                  |
| Application                | ELISA                                                                                                                                                                                                                        |
| Species Reactivity         | Equine                                                                                                                                                                                                                       |
| Product Description        | This Equine Myeloperoxidase (MPO) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 3.12-200ng/mL                                                                                                                                                                                                                |
| Sensitivity                | 1.36ng/mL                                                                                                                                                                                                                    |
| Samples                    | serum, plasma and other biological fluids                                                                                                                                                                                    |
| Target                     | Equine Myeloperoxidase (MPO)                                                                                                                                                                                                 |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                         |
