| Category                   | Kits/Assays                                                                                                                                                                                                                          |
| Application                | ELISA                                                                                                                                                                                                                                |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                |
| Product Description        | This Mouse Microseminoprotein Beta (MSMb) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                        |
| Sensitivity                | 0.072ng/mL                                                                                                                                                                                                                           |
| Samples                    | serum, plasma and other biological fluids                                                                                                                                                                                            |
| Target                     | Mouse Microseminoprotein Beta (MSMb)                                                                                                                                                                                                 |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                 |
