| Alternative Catalog Number | RDD-RDSA62179-100                                                                                                                    |
| Manufacturer               | reddot Biotech                                                                                                                       |
| Host                       | Rabbit                                                                                                                               |
| Category                   | Antikörper                                                                                                                           |
| Application                | IF                                                                                                                                   |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                    |
| Immunogen                  | Peptide sequence around phosphorylation site of threonine 75 (A-Y-T(p)-P-P) derived from Human DARPP-32.                             |
| Conjugation                | Unconjugated                                                                                                                         |
| Product Description        | This is a DARPP-32(Phospho-Thr75) Phospho-Specific Antibody from Reddot Biotech. This product is for Research Use Only....           |
| Clonality                  | Polyclonal                                                                                                                           |
| Concentration              | 1.0 mg/mL                                                                                                                            |
| Buffer                     | Phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
