| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | WB                                                                                                                                                                                                                                                            |
| Immunogen                  | Synthetic peptide corresponding to 14aa near the amino terminus of human TL1A.                                                                                                                                                                                |
| Product Description        | TL1A is also known as tumor necrosis factor ligand superfamily member 15 (TNFSF15). TL1A acts as a co-stimulator of IFN-gamma secretion through binding to DR3 (death domain receptor 3 or TRAMP) and may play an important role in Th1-mediated diseases ... |
| Purity                     | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Form                       | Supplied as a liquid in PBS, pH 7.2. Labeled with Fluorescein isothiocyanate (FITC).                                                                                                                                                                          |
