| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FLISA                                                                                                                                                                                                                                                         |
| Immunogen                  | Whole Human Cardiac Troponin I                                                                                                                                                                                                                                |
| Product Description        | MaxLight(TM) 650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Co... |
| Purity                     | Purified by affinity chromatography.                                                                                                                                                                                                                          |
| Form                       | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)650.                                                                                                                                                                     |
