| Alternative Catalog Number | USB-U0880-01L-200                                                                                                                                                                                                                                             |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                  | Synthetic peptide selected from the N-terminal region of human UBCH9 (KLH).                                                                                                                                                                                   |
| Product Description        | The modification of proteins with ubiquitin is an important cellular mechanism for targeting abnormal or short-lived proteins for degradation. Ubiquitination involves at least three classes of enzymes: ubiquitin-activating enzymes, or E1s, ubiquitin-... |
| UniProt                    | <a href="#">Q969T4</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by ammonium sulfate precipitation                                                                                                                                                                                                                    |
| Form                       | Supplied as a liquid in PBS, 0.09% sodium azide.                                                                                                                                                                                                              |
