| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FLISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                  | Purified human vitronectin from plasma.                                                                                                                                                                                                                       |
| Product Description        | MaxLight(TM)490 is a new Blue-Green photostable dye conjugate comparable to DyLight(TM)488, Alexa Fluor(TM)488 and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (491nm), Emission (515nm), Extinction Coe... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [2Q557]                                                                                                                                                                                                                                                       |

|         |                                                                                           |
