| Immunogen                  | Bovine WC4.                                                                                                                                                                                                                                                   |
| Product Description        | Mouse anti-bovine WC4 antibody, clone CC55 recognizes the bovine WC4 cell surface antigen, a ~90kDa molecule expressed by a subpopulation of B cells in peripheral blood and lymphoid tissues (Howard et al. 1993). It is suggested that WC4 like SWC7 in ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [CC55]                                                                                                                                                                                                                                                        |
| Isotype                    | IgG1                                                                                                                                                                                                                                                          |
| Purity                     | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Form                       | Supplied as a liquid in PBS, pH 7.2. Labeled with horseradish peroxidase (HRP).                                                                                                                                                                               |
