### Anti-AIF/AIFM1 Antibody Picoband Biotin Conjugated, Rabbit, Polyclonal BOB-PB9366-BIOTIN

|                            |                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Article Name               | Anti-AIF/AIFM1 Antibody Picoband Biotin Conjugated, Rabbit, Polyclonal                                                            |
| Biozol Catalog Number      | BOB-PB9366-BIOTIN                                                                                                                 |
| Supplier Catalog Number    | PB9366-Biotin                                                                                                                     |
| Alternative Catalog Number | BOB-PB9366-BIOTIN-100UG                                                                                                           |
| Manufacturer               | Boster Bio                                                                                                                        |
| Host                       | Rabbit                                                                                                                            |
| Category                   | Antikörper                                                                                                                        |
| Application                | ELISA, IHC, WB                                                                                                                    |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                 |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the C-terminus of human AIF, identical to the related mouse and rat sequences. |
| Clonality                  | Polyclonal                                                                                                                        |
| Molecular Weight           | Calculated Molecular Weight: 66901 MW                                                                                             |
| NCBI                       | <a href="#">9131</a>                                                                                                              |
| UniProt                    | <a href="#">O95831</a>                                                                                                            |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                      |
| Purity                     | Immunogen affinity purified.                                                                                                      |

|                    |                                                                                                                                                                                                                                       |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form               | Liquid                                                                                                                                                                                                                                |
| Target             | Apoptosis-inducing factor 1, mitochondrial                                                                                                                                                                                            |
| Application Dilute | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
