| Alternative Catalog Number | BOB-RP1037-CY3-100UG                                                                                                                                                                                      |
| Manufacturer               | Boster Bio                                                                                                                                                                                                |
| Host                       | Rabbit                                                                                                                                                                                                    |
| Category                   | Antikörper                                                                                                                                                                                                |
| Application                | FC                                                                                                                                                                                                        |
| Species Reactivity         | Human                                                                                                                                                                                                     |
| Immunogen                  | E.coli-derived human Angiopoietin 2 recombinant protein (Position: Y19-N348). Human Angiopoietin 2 shares 84% and 85% amino acid (aa) sequences identity with mouse and rat Angiopoietin 2, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                                                |
| Molecular Weight           | Calculated Molecular Weight: 56919 MW                                                                                                                                                                     |
| NCBI                       | <a href="#">285</a>                                                                                                                                                                                       |
| UniProt                    | <a href="#">O15123</a>                                                                                                                                                                                    |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                               |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Angiopoietin-2                                |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
