| Manufacturer               | Boster Bio                                                                                                                                              |
| Host                       | Rabbit                                                                                                                                                  |
| Category                   | Antikörper                                                                                                                                              |
| Application                | FC                                                                                                                                                      |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                       |
| Immunogen                  | E.coli-derived human CBS recombinant protein (Position: A331-K551). Human CBS shares 83% amino acid (aa) sequence identity with both mouse and rat CBS. |
| Clonality                  | Polyclonal                                                                                                                                              |
| Molecular Weight           | Calculated Molecular Weight: 60587 MW                                                                                                                   |
| NCBI                       | <a href="#">875</a>                                                                                                                                     |
| UniProt                    | <a href="#">P35520</a>                                                                                                                                  |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                             |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Purity             | Immunogen affinity purified.                                         |
| Form               | Liquid                                                               |
| Target             | Cystathionine beta-synthase                                          |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
