## Product Datasheet

### Anti-HMBS Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal BOB-A01506-1-FLUORO550

|                            |                                                                                                             |
|----------------------------|-------------------------------------------------------------------------------------------------------------|
| Article Name               | Anti-HMBS Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                                        |
| Biozol Catalog Number      | BOB-A01506-1-FLUORO550                                                                                      |
| Supplier Catalog Number    | A01506-1-Fluoro550                                                                                          |
| Alternative Catalog Number | BOB-A01506-1-FLUORO550-100UG                                                                                |
| Manufacturer               | Boster Bio                                                                                                  |
| Host                       | Rabbit                                                                                                      |
| Category                   | Antikörper                                                                                                  |
| Application                | FC                                                                                                          |
| Species Reactivity         | Human, Mouse, Rat                                                                                           |
| Immunogen                  | E. coli-derived human HMBS recombinant protein (Position: N6-H361).                                         |
| Clonality                  | Polyclonal                                                                                                  |
| Molecular Weight           | Calculated Molecular Weight: 39 kDa                                                                         |
| NCBI                       | <a href="#">3145</a>                                                                                        |
| UniProt                    | <a href="#">P08397</a>                                                                                      |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |
| Purity                     | Immunogen affinity purified.                                                                                |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Porphobilinogen deaminase                                            |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
