| Article Name               | Anti-Dysbindin/DTNBP1 Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                                                                                                                                  |
| Biozol Catalog Number      | BOB-A01509-1-FLUORO550                                                                                                                                                                                            |
| Supplier Catalog Number    | A01509-1-Fluoro550                                                                                                                                                                                                |
| Alternative Catalog Number | BOB-A01509-1-FLUORO550-100UG                                                                                                                                                                                      |
| Manufacturer               | Boster Bio                                                                                                                                                                                                        |
| Host                       | Rabbit                                                                                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                                                                                        |
| Application                | FC                                                                                                                                                                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                 |
| Immunogen                  | E.coli-derived human Dysbindin/DTNBP1 recombinant protein (Position: M1-S351). Human Dysbindin/DTNBP1 shares 79.4% and 78.6% amino acid (aa) sequence identity with mouse and rat Dysbindin/DTNBP1, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                                                        |
| Molecular Weight           | Calculated Molecular Weight: 39 kDa                                                                                                                                                                               |
| NCBI                       | <a href="#">84062</a>                                                                                                                                                                                             |
| UniProt                    | <a href="#">Q96EV8</a>                                                                                                                                                                                            |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                                       |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Purity             | Immunogen affinity purified.                                         |
| Form               | Liquid                                                               |
| Target             | Dysbindin                                                            |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
