| Manufacturer               | Boster Bio                                                                                                                                                                                                                                                   |
| Host                       | Rabbit                                                                                                                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                                                                                                                   |
| Application                | ELISA, FC, ICC, IF, IHC, WB                                                                                                                                                                                                                                  |
| Species Reactivity         | Human                                                                                                                                                                                                                                                        |
| Immunogen                  | E.coli-derived human IRF2BPL recombinant protein (Position: R472-R721). Human IRF2BPL shares 98.4% and 99.2% amino acid (aa) sequence identity with mouse and rat IRF2BPL, respectively.                                                                     |
| Product Description        | Boster Bio Anti-IRF2BPL Antibody Picoband catalog A10706. Tested in WB, IF, IHC, ICC, Flow Cytometry, ELISA applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molecular Weight           | Observed Molecular Weight: 95 kDa                                                                                                                                                                                                                            |
| NCBI                       | <a href="#">64207</a>                                                                                                                                                                                                                                        |

|                    |                                                                                                                                                                                                                                                     |
