| Manufacturer               | Biorbyt                                                                                                                                                     |
| Host                       | Mouse                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                  |
| Application                | FC, ICC, IF, IHC, WB                                                                                                                                        |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                           |
| Immunogen                  | E.coli-derived human Transketolase/TKT recombinant protein (Position: M1-A116).                                                                             |
| Conjugation                | Unconjugated                                                                                                                                                |
| Product Description        | Anti-Transketolase/TKT Antibody (monoclonal, 2I3). Tested in Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat.... |
| Clonality                  | Monoclonal                                                                                                                                                  |
| Concentration              | 500 µg/ml                                                                                                                                                   |
| Clone Designation          | [2I3]                                                                                                                                                       |

|                    |                                                                                                                                                                                                                                              |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular Weight   | 68 kDa                                                                                                                                                                                                                                       |
| UniProt            | <a href="#">P29401</a>                                                                                                                                                                                                                       |
| Buffer             | Each vial contains 4mg Trehalose, 0.9mg NaCl and 0.2mg Na <sub>2</sub> HPO <sub>4</sub> .                                                                                                                                                    |
| Form               | Lyophilized                                                                                                                                                                                                                                  |
| Target             | Transketolase                                                                                                                                                                                                                                |
| Application Dilute | Western blot, 0.1-0.25µg/ml, Human, Mouse, Rat<br>Immunohistochemistry (Paraffin-embedded Section), 1-2µg/ml,<br>Human Immunocytochemistry/Immunofluorescence, 5µg/ml, Human<br>Flow Cytometry (Fixed), 1-3µg/1x10 <sup>6</sup> cells, Human |
