| Category                   | Proteine/Peptide                                                                                                                                                                                                                                                |
| Product Description        | Source : E. coli, Deoxyuridine 5-Triphosphate Nucleotidohydrolase Mitochondrial (dUTPase) belongs to the dUTPase family. dUTPase exists as a homotrimer and is involved in nucleotide metabolism. dUTPase produces dUMP, the immediate precursor of thymidin... |
| Antibody Type              | Recombinant Antibody                                                                                                                                                                                                                                            |
