| Alternative Catalog Number | KAB-IL2-HM125-100UG, KAB-IL2-HM125-500UG                                                                                           |
| Manufacturer               | KactusBio                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                   |
| Species Reactivity         | Human                                                                                                                              |
| Product Description        | Recombinant Human IL-25/IL-17E Protein is expressed from HEK293 with His tag at the C-Terminus.It contains Tyr33-Gly177....        |
| Molecular Weight           | The protein has a predicted MW of 17.6 kDa. Due to glycosylation, the protein migrates to 25-30 kDa based on Bis-Tris PAGE result. |
| Tag                        | C-His                                                                                                                              |
| UniProt                    | <a href="#">Q9H293</a>                                                                                                             |
| Buffer                     | Lyophilized from 0.22µm filtered solution in PBS (pH 7.4). Normally 8% trehalose is added as protectant before lyophilization.     |
| Expression System          | HEK293                                                                                                                             |
| Purity                     | > 95% as determined by Bis-Tris PAGE,> 95% as determined by HPLC                                                                   |
| Form                       | Lyophilized                                                                                                                        |
| Sequence                   | Tyr33-Gly177                                                                                                                       |
