| Immunogen                  | Human peripheral blood lymphocytes.                                                                                                                                                                                                                           |
| Product Description        | CD3 complex is crucial in transducing antigen-recognition signals into the cytoplasm of T cells and in regulating the cell surface expression of the TCR complex. T cell activation through the antigen receptor (TCR) involves the cytoplasmic tails of t... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/ml                                                                                                                                                                                                                                                       |
| Clone Designation          | [MEM-92]                                                                                                                                                                                                                                                      |
| Isotype                    | IgM                                                                                                                                                                                                                                                           |
| Buffer                     | Tris buffered saline (TBS), pH 8.0, 15 mM sodium azide                                                                                                                                                                                                        |
| Storage                    | 2°C to 8°C                                                                                                                                                                                                                                                    |

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Antibody Type     | Monoclonal Antibody                               |
| Application Notes | Flow cytometry: Recommended dilution: 3-10 µg/ml. |
